### **Thought Points**

- The resurrection is the centre piece of our faith. "Christianity rises and falls on the validity of Christ rising that first easter morning" (Lee Strobel)
- The four Gospel writers all complete their narrations of the gospel of Jesus with the of Jesus' resurrection. They come at it from different directions and provide different details, but one element is common to each of them: a sense of wonder, astonishment, surprise.
- Everyone will have some kind of response to the Resurrection of Jesus. Some may reject it because it doesn't fit human reasoning, some of will refuse to believe it, some will have doubts and questions about the resurrection, some couldn't care less and are not interested, some may not even know about the resurrection, some may be hostile to the resurrection story and try to discredit it, and some will believe and apply the reality of the resurrection to their way of life.
- A commission is an instruction, command, or duty given to a person or group of people.
